

PLAN YOUR LESSONS LIKE A STAR

New webinar series with **Małgorzata Mróz**

26th February – 23rd April 2021

Join and learn how good lesson planning can help you support your students throughout the year! Collect a set of **unique post-webinar materials** including an extra handout with various lesson plan templates, certificate of attendance and presentation slides.

26 February

15:00 – 16:00 GMT

Planning - Key Principles of a Great Plan A

You will learn how to

- plan smart revision, free practice, and activating schemata into your lessons
- make the most of your teacher's book and use it selectively
- manage timing and lesson stages effectively and plan both separate lessons and the whole unit
